

Pomona Marching Festival 2017 Prop Drop-off (Prelims) Schedule

All schools will be given 15 minutes to unload props from trucks. Once props are unloaded, the trucks must leave the drop-off area, since there is simply not enough room. The prop drop-off location is in the parking lot located on the east side of the east bleachers of the Football Field. The following schedule is intended to give each school 1 hour 30 minutes lead time before Performance.
